PROFESSIONAL SUMMARY

- Driven Computer Science student with hands-on experience in full-stack web development using the MERN stack (React.js, Node.js, Express.js, MongoDB). Skilled in building, testing, and deploying functional applications, including a real-time expense tracker with Firebase integration. Strong problem-solving abilities and a passion for developing scalable, user-centric software. Seeking a Software Development internship to contribute innovative solutions and grow technical expertise

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Redux, Tailwind CSS, Material-UI, Responsive Design, DOM Manipulation

Backend: Node.js, Express.js, Java (Core), SQL, MongoDB (Basic)

Languages: Javascript,Java

PROJECTS

Expense Tracker | React.js, Firebase, Chart.js, Fi

Indore, Madhya Pradesh

Expense Tracker Web Application

Mar 2024 - May 2024

- Engineered a full-stack expense tracker with real-time data visualization, achieving **40% higher user engagement**.
- Integrated Firebase Authentication with multi-login support, improving **account security** and reducing unauthorized access by **60%**.
- Leveraged Firestore & Chart.js to allow users to **analyze spending patterns** and optimize budgets.

SCSDB | React.js, Vite, JavaScript, REST APIs

Indore, Madhya Pradesh

SCSDB

Jan 2024 - Jan 2024

- Built a movie streaming web app with **1,000+ movies**, clean UI, and efficient client-side routing.
- Optimized workflow with Vite, achieving **~40% faster build times**.
- Applied React best practices (component-based architecture, state management) ensuring scalability & maintainability.

Hackathon – SKITECH INNOTHON 2024

Indore, Madhya Pradesh

Mental Health Support Platform

Sep 2024 - Sep 2025

- Developed a BetterHelp-inspired platform enabling users to securely connect with psychologists via **chat, voice, and video**, improving accessibility to mental health resources.
- Designed a responsive front-end using **HTML5, CSS, and JavaScript** for smooth cross-device experience.
- Implemented privacy-focused communication features to strengthen trust and safeguard sensitive user data.

TRAINING & CERTIFICATIONS

AI/ML Training Program – Medi-Caps University

- Developed AI-based applications**, including a *Plant Disease Detection System* and a *Real-Time Object Detection App*, applying **computer vision and deep learning models**.
- Completed full ML workflow**: data preprocessing, model training, evaluation, and deployment using **TensorFlow, Keras, and Python**.
- Gained **practical experience** in transforming ML concepts into **deployable applications**, strengthening foundations in computer vision and model optimization.

EDUCATION

Medicaps University

Indore,Madhya Pradesh

Bachelor of Technology,Computer Science & Engineering .

Graduation Date: Jun 2026

Mother Teresa Memorial Convent H.S. School

Biaora,Madhya Pradesh

12th MPBSE (75.60%)

Graduation Date: Apr 2022

Jyoti Convent Senior Secondary School

Biaora,Madhya Pradesh
